<https://www.linkedin.com/in/frknlkn/>

<https://frknlkn.com/>

I am currently working on CRM and Backoffice projects .

Mastering **.Net Core** and **C#** programming language. Follows **object-oriented** design and application development processes closely.

I am experienced in **Rest, T-Sql, NoSQL, Microservices, Re-Architecture.**

I love **teamwork**, always learning new information, and working remotely.

I was chairman of **the Google Developer Groups** Edirne community for 6 years and I continue.

I attended the events in Silicon Valley 2 times with a Google invitation.

---

## Skills

- ASP.NET (MVC, Web API), .NET CORE
